June 10, 2021

Dear Shareholders,

On June 8, 2021, Gov. Spencer J. Cox issued his third Executive Order we are in a state of emergency due to drought conditions. As you are aware, 100% of Utah is in a drought. 2020 was one of the hottest and driest summers on record, our snowpack was well below average this year, and soil moisture is at an all-time low. We believe acting now is critical. We are committed to doing our part in helping our customers conserve water.

We find it necessary to ask that starting immediately you limit watering of outside yards and gardens. **DO NOT WATER BETWEEN THE HOURS OF 10:00 A.M. AND 6:30 P.M.** as these are the hottest hours of the day.

Now is an excellent time to review and update your watering habits and schedules as we will be increasing our overage rates very soon.

Please consider the following:

- Limit outdoor watering to twice a week. Adjust your sprinklers so they don't spray sidewalks and driveways. Check for leaks in your system and fix broken sprinkler heads. Use drip systems for shrubs, flowers, and gardens when possible.
- Mow your lawn higher-set blades to 3-4 inches.
- Do not use water to wash driveways and sidewalks.
- Shortening your shower by just 1 minute can save up to 60 gallons or more of water per week.
- Wash only full loads of laundry and dishes.

For more tips check out the following: (links can be found on our website [www.westcorinnewater.com](http://www.westcorinnewater.com))

- Utah Div of Water Resources ([conservewater.utah.gov](http://conservewater.utah.gov))
- Utah Water Savers ([utahwatersavers.com](http://utahwatersavers.com)) – check out the rebates offered on this site-
- Slow the Flow ([slowtheflow.org](http://slowtheflow.org))

Thank you as always for your cooperation.

Sincerely,  
Board of Directors  
West Corinne Water Company
